Teen Challenge Boston:

The focus of the Outreach Committee in the month of February will be on the problem of substance abuse and addictions.

As part of that focus, the committee will sponsor a visit by TEEN CHALLENGE BOSTON who will present a "*ministry of hope in song and in testimony*" on Sunday evening, February 10th.

Teen Challenge first opened its doors to drug addicts and alcoholics in 1963. Significant research projects have confirmed the effectiveness of the Teen Challenge approach to helping those affected by life-controlling problems.

Leaders in Teen Challenge credit the spiritual component as the key to the high success rate of Teen Challenge graduates. A recent study has shown that 86.6% of graduates after seven years remained drug and crime free. This is opposed to a 6-7% rate for secular programs!

The committee invites everyone to come and experience the testimony and awesome music by members of this program.

The program will begin at 6:00 P.M. and last for about one and one-half hours. The program will be open to the public and we strongly encourage you to invite friends and students. There will be no charge for admission, but a love offering will be taken to help Teen Challenge support their program.
